4th Transnational Project Meeting in Athens

The 4th Transnational Project Meeting of “L-Cloud: Developing Tomorrow’s Cloud Education Leaders” took place in Athens (Greece) between 26-27 of January 2020 hosted by Doukas School in Athens.

Participating organizations at this meeting were, the European Association of Career Guidance (Cyprus base) as the project coordinator, the Doukas School of Education in Greece (host), the University of Barcelona in Spain, the “Mircea Scarlat” College of Romania, the European Union of Geographers EUROGEO based in Belgium, and the European Digital Learning Network in Italy.

Training Course in Athens

During five consecutive days, 27-31, January 2020, the C1 Short Term Staff Training Activity was successfully organized by all partners and hosted by Doukas School in Athens. The participants trained on the L-Cloud POD Model based on the following 6 competence areas:

[1] Communication, Collaboration and Participation, [2] Innovation, Creativity and Creation, [3] Professional Development, [4] Ethics and professional responsibility, [5] Intercultural relationships and internalization, [6] Pedagogical and Organizational.

L-Cloud Online Course

One of the main objectives of the L-Cloud project is to produce a method to help teachers and future school managers to be adaptable to new technologies and managing a school under cloud computing. In order to address the need of open and innovative practices under Cloud the project partners design an innovative Webinar for developing adaptive education cloud leaders. The course can easily be used by all Educational Systems in Europe as its online part is made available and open to be used freely.

L-Cloud Certification

The L- Cloud partners have the pleasure to announce that the Professional Certification Programme has been successfully launched. The development of this innovative International Professional Certification Programme for Education Cloud Leaders, was one of the main objectives of the L-Cloud project, aiming to concretise the criteria and procedures to evaluate the acquisition of the competences by teachers and educational managers.
